

Product Name:	Green Elephant® 96-well microPLAte		clear	white	black
Product Number:	GEB-WP96FBT	GEB-WP96FBW	GEB-WP96FBB		
Product Name:	Green Elephant® CellScrew®		6K	10K	mini
Product Number:	GEB-CS6KTCS	GEB-CS10KTCS	GEB-CSmTCS		

Green Elephant Biotech certifies that the products are produced using animal-free raw materials in an animal-free production environment. No materials of animal and human origin are used in the manufacture of these products. Therefore, the risk for TSE/BSE contamination is reduced to an absolute minimum.

Although product-specific validated removal studies of TSE/BSE have not been conducted for our released products, we have incorporated the following safety measures:

- Collection of Certificate of Origin and TSE/BSE statements from our suppliers.
- Full inspection and 100% traceability of raw materials used in production.
- Supplier qualification and monitoring system in place.
- Robust Quality Management System. Our Gießen production site is ISO 9001 certified.
- Controlled internal manufacturing facilities and manufacturing processes.
